Dear Mr. Watts:

Herewith is another photograph to go with the three I gave you today. The cut goes to Manger, Hughes & Manger, 209 West 38th Street. Also, you will find a line cut of our Seal from which I would like four electrotypes blocked. One of these should go to Manger, Hughes & Manger, and the other three together with the original comes to us.

Very truly yours,

Curator

Gentlemen: Attention Mr. Noe

If we could have made plates direct from your gelatin prints, we could have made price considerably less. Probably have saved half but your copies did not permit this. It was necessary to make separate photographs and have our artist blow in background to give the proper proportions.

Yours very truly,

PHOENIX ENGRAVING COMPANY.

P.S.-- We try in your case, as well as American Geographical Society, to take all short cuts possible to get the cost down to a reasonable charge.
